RESOLUTION NO. 2018-390

**APPROVING THE PNP UESB RESOLUTION-NO. 2018-023**  
**THAT PRESCRIBED THE MINIMUM STANDARD SPECIFICATIONS**  
**FOR 40mm MULTI-SHOT GRENADE LAUNCHER (MGL)**

WHEREAS, Section 14, paragraphs (i) and (m) of Republic Act No. 6975, as amended by Section 5, paragraph (a), sub-paragraphs (5) and (8) of the Republic Act No. 8551, empowers the Commission to “approve or modify plans and programs on education and training, logistical requirements, communications, records, information system, crime laboratory, crime prevention and crime reporting as well as prescribe minimum standards for arms, equipment and uniforms and, after consultation with the Philippine Heraldry Commission, for insignia of ranks, awards and medals of honor”;

WHEREAS, pursuant to the aforecited legal prescription, the PNP through its Uniform and Equipment Standardization Board (UESB) Resolution No. 2018-023 dated May 22, 2018, recommended to the Commission for approval the proposed minimum standard specifications for 40mm multi-shot grenade launcher;

WHEREAS, the UESB subject proposed specifications refer to item descriptions and parameters of modern and sophisticated six-shot revolver-type grenade launcher that expels 40mm high explosive round, smoke or gas warhead for the use of the PNP Special Action Force and other PNP operatives to gain tactical superiority and advantage against lawless elements;

WHEREAS, to avoid confusion, it is deemed necessary to incorporate the word “*Maximum*” in the item description “*d.1) Butt Folded*” and “*d.2) Butt Extended*” to read as “*Maximum Butt Folded*” and “*Maximum Butt Extended*”, which means suppliers/manufacturers which will offer shorter length butt than the herein parameters are considered compliant;

WHEREAS, the PNP UESB certified that the proposed minimum standard specifications for 40mm multi-shot grenade launcher are not tailored-fit specifications to any particular brand/model of products in the market;

WHEREAS, after thorough review and evaluation of the UESB resolution on the subject proposed minimum standard specifications, the Commission finds the same in order and in conformity with the requirements of Republic Act No. 6975, as amended by Republic Act No. 8551 and its Implementing Rules and Regulations (IRR), all existing policies and issuances of the Commission to meet the requirements of the PNP;
