RESOLUTION NO. 2019-753

**PRESCRIBING THE MINIMUM STANDARDS FOR
TROPOSCATTER COMMUNICATION SYSTEM**

WHEREAS, Section 14, Paragraphs (i) and (m) of Republic Act No. 6975, as amended by Section 5, Sub-Paragraphs (5) and (8) of the Republic Act No. 8551, empowers the Commission to “approve or modify plans and programs on education and training, logistical requirements, communications, records, information system, crime laboratory, crime prevention and crime reporting as well as prescribe minimum standards for arms, equipment and uniforms and, after consultation with the Philippine Heraldry Commission, for insignia of ranks, awards and medals of honor;”

WHEREAS, pursuant to the aforementioned legal prescription, the PNP Directorate for Research and Development endorsed for approval the proposed Minimum Standards for Troposcatter Communication System as provided under PNP Technical Working Group for the Formulation and Amendment of Standard (TWG-FAS) Resolution No. 2019-004;

WHEREAS, the PNP TWG proposed minimum standard is formulated to establish a nationwide wireless communication infrastructure/ backbone for the PNP;

WHEREAS, the PNP TWG proposed minimum standards refer to the description and parameter requirements of a system to establish a radio link between two points on the earth that typically could not be connected by other means such as: microwave and cable link, it provide communications beyond the horizon by using a radio path through the troposphere that enable it to travel over greater distances than would be suggested by line of sight calculations;

WHEREAS, upon thorough review and evaluation, the Commission has determined that the herein proposed minimum standard for Troposcatter Communication System are in order and conform with the requirements of Republic Act No. 6975, as amended by Republic Act No. 8551, its Implementing Rules and Regulations (IRR), logistics policies and issuances of the Commission, to meet the requirements of the PNP;

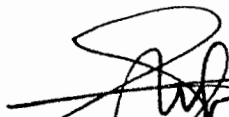

NOW THEREFORE, the Commission, in the exercise of its statutory powers to administer and control the PNP, **HAS RESOLVED TO PRESCRIBE, AS IT HEREBY PRESCRIBES**, the minimum standards for Troposcatter Communication System, to read as follow:

Particulars	Minimum Standards
Type	Troposcatter Communication System consisting of several communication equipment such as but not limited to transmitter, receiver, modem and antenna.
Configuration	Deployable or fixed mounted system

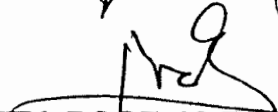

Particulars	Minimum Standards
Equipment Capability	<ul style="list-style-type: none"> It is capable of medium to long range wireless secure and reliable voice and data Communication.

RESOLVED FURTHER, that the PNP shall formulate the technical specification for the Troposcatter Communication System, which will be the basis for its procurement and ensure that the said specifications complies, conforms and are within the aforementioned minimum standards, pertinent provisions of RA 9184, otherwise known as the Government Procurement Reform Act, and are advantageous to the PNP.

APPROVED this 3rd day of OCTOBER 2019 in Quezon City, Metro Manila, Philippines.

EDUARDO M. AÑO
